ITS SCHEME DID NOT WORK

Board of Safety Lets Go of Its Effort to Partisanize the Merchant Force.

Men Sworn In and Organized Regardless of the "Sub-Board"-Monthly Department Reports-Police and Clean Streets.

The "non-partisan" Board of Safety has failed in its sneaking and underhanded sifort to partisanize the Merchant police force. The board held its regular monthly meeting yesterday morning. Commissioners Hawkins, Catterson and Sullivan were all present, as were the heads of the police and fire forces and the building inspector. The most important question which came up for action was the settlement of the controversy now existing between the board and the Merchant police force of the city. The board signalized itself by partly smothering and partly straddling the issue, and postponing a decision which will have to be made some time. The trouble originated some time ago, when the Board of Safety tried to capture control of the Merchants' force by appointing a committee whose duty it should be to act on applications for positions on the force and to decide all matters not under the immediate jurisdiction of the captain. The committee selected by the board was carefully chosen as to its availability, but when it was announced to the members of the force they showed their disapproval by petitioning the board to rescind its action. The board sought to smother this protest by totally ignoring it. The force went ahead in their old way to elect their captain and to put the force in shape for the ensuing year. Henry P. Thomas was re-elected to that position, one which he has held for a number of years, and at once went about organizing the force, appointing his committees and attending to all of the details, ignoring the board or committee appointed by the

It is necessary for the members of the Merchant police force to get their police powers from the Board of Safety, and on previous years the entire force has always been sworn in according to a list banded in by its captain without any question. The committee appointed by the Board of Safety has sent in a list of men to be sworn in, and Captain Thomas has also. Each comprises forty-two men, and the names are identical. Clerk Herrick, of the board, was instructed to notify the members of the Merchant force to be at their hall on the evening of April 6, and that those recommended in the "lists" would be sworn in. That was what was given out after the meeting, but the members of the force were called down to the office and sworn in last night.

At its last meeting the board had laid over the protest against its interference, promising to take action upon it yesterday, but when yesterday came they left it

buried in a pigeon hole.

The board lost its hold on the force when the men were sworn in, and it is not likely that it will seek to interfere further. The force will be conducted as usual without reference or deference to the committee appointed by the board.

Police to Help Keep the Streets Clean. Superintendent Colbert, with a view to cleansing the public thoroughfares, has placed orders in the hands of patrolmen with instructions to enforce them. The new order is to the effect that scattering of paper on the streets and the sweeping of dirt and trash from business rooms on the sidewalk is strictly prohibited and persons found guilty of the offense open them-selves to prosecution. Special efforts are to be made by the police and street commissioner to keep the streets clean the coming summer.

Fireman Who Disappeared. William Kinney, a colored pipeman of company No. 9, was summarily dismissed from the force. He left the house several days ago, and nothing has been heard of him since. It was known that he has had some trouble in his family, and it is thought that he has left to get out of that. Charles F. Floyd, colored, was appointed to his place. Floyd is a Democrat, and is the man who carried the banner for the Gray Club all during the last campaign. Virtue of even that kind will find its re-

Eaglen's Pay Raised.

On motion of Commissioner Sullivan it was voted to pay Samuel Eaglen \$50 per month to remove the garbage from the east market place. Eaglen has been doing the work for \$35, but at the last meeting paid that he would quit his job unless they raised his pay.

The board purchased alife preserver for use in case of fires. It is a huge circular penitentiary and to pay a fine of \$300. Mr. Life Saving Net. netting for spreading just above the ground and catching people when they jump. Its cost was \$65.

#### APPEAL FOR COMMUTATION

Governor Matthews to Be Asked to Make Benham's Sentence a Term in Jail.

Petitions Numerously Signed Filed-Sensational Denouncement of Prosecution by Defendant When Sentenced.

It was a disappointment, yesterday, to the friends of Dr. J. Frank Benham, of Richmond, that Governor Matthews did not arrive home. It has been determined and his attorneys, John Robbins and Hon. Henry U. Johnson, wired the Governor, yesterday afternoon, that they desired a conference with him after the arrival of the late train from Richmond. It is expected that Harry C. Starr and Richard A. Jackson, who were counsel for the -State in the prosecution, will arrive this morning, to argue against the interference of the executive. The conviction and verdict of two years in the penitentiary for criminal seduction caused a sensation in Richmond circles, because of the prominence and previous good character of the defendant. A citizen of Richmond said yesterday that Dr. Benham has the sympathy of nearly all the leading business people, and that a petition for commutation of sentence to a term in the county jail has been very generally signed. Dr. Benham stood well in religious as well as social circles, and has expressed thorough contrition. He had agreed to pay the young woman \$575 for the support of the child, having acknowledged the paternity but not the seduction.

Judge Comstock, of the Wayne Circuit Court, passed sentence upon Dr. Benham yesterday afternoon. He sat between his father and Judge L. C. Abbott. John F. Robbins made a motion for arrest of judgment. The court gave him privilege of reducing it to writing and putting in all the statutory grounds. He then overruled it, and Robbins filed an exception. He then asked Mr. Benham if he had anything to say as to why sentence should not be passed upon him. The young man arose, pale with repressed

emotion, and addressed the court. His

voice was full, strong and so-norous. He said among other things: "I solemnly denounce the charge as a malicious falsehood. It seems to me the jury did not reach its judgment by weighing the testimony, but from the bitter and misleading speech of the last lawyer who spoke in behalf of the State. The State, indeed! What did these people care for justice? Any fair-minded man can see that the prosecution was pushed because of a failure to extort money. Thrice they came to us and demanded \$1,000 to settle all prosecutions. I could have introduced much testimony as to the character of the chief witnesses for the prosecution. The public knows their reputation for truth and veracity, but I considered myself safe against such a cabal and let the opportunity go by. Sentence ought not to be passed on

me, your Honor, because the charge is ma-liciously false and I am an innocent man."

When the defendant resumed his seat
the judge reminded him that a jury has to be governed by the testimony introduced.
If witnesses perjure themselves or their veracity is questionable, such fact must be shown. After a brief review of the evidence, pointing out how the prosecutrix was corroborated by three witnesses, the Benham was then returned to the county iail, and will not be taken to Jeffersonville before Wednesday, in the hope that the Governor will then have had time to consider the appeal for clemency.

## THE CENTRAL HOSPITAL CASE.

Trustee Osterman Recovering, and an Appointment Surely Expected Thursday.

Mr. John Osterman, trustee of the Central hospital, was able to come down town yesterday, but only stayed a short time at will return from Asheville, N. C., the last his office in the afternoon. It is thought that he will be entirely recovered by Thursday, when the appointment of a superintendent of the hospital is to be taken up. It is the popular belief that the appointment will go either to Dr. Morrison or to Dr. Edenharter, though there is a general expression that Dr. Rogers, of the Northern hospital, is the best qualified for the position. There is a feeling that the Medical College of Indiana is trying to influence the trustees in favor of one of its graduates, whether Morrison or Edenharter, it makes no difference. A leading physician of the city, in talking last night about the vacancy, said: "It is to be regretted that the position does not offer a greater inducement in the way of salary. It would be cheaper in the end to have a big man there, combining both executive and professional ability. But a mistake has been made as a general thing in the past by appointing assistant physicians of indifferent ability. The law ought to require that the assistants should be practitioners of first-class ability, and then when a vacancy occurs it ought to be filled from the ranks."

## CITY NEWS NOTES.

ADJOURNED AT MISHAWAKA

Last Day of the Semi-Centennial North Indiana Methodist Conference.

Report of the Committees Followed by Bishop Joyce Reading His List of Appointments and Delivering the Benediction.

MISHAWKA, Ind., April 3.-The devotional services at the last session of the conference were very short. After the election of the officers of the conference corporation the certificates of ordination were read. The committee on education made its report and the rest of the morning was spent in discussing the resolution relating to the election of trustees for DePauw University. Dr. H. A. Gobin, of the DePauw Theological School, was introduced, and spoke on the subject. C. G. Hudson and C. C. Binkley were elected trustees of that school. At 2 o'clock the stewards, treasurer and a number of committees made their reports. The bishop then read the list of appointments, and the semi-centennial session of the North Indiana Conference was ended. The appointments were as follows:

LESSON FOR WHITE CAPS.

Leader of an Arkansas Band Killed and a Spaniard Shot Down in Revenge.

Special to the Indianapolis Journal. JONESBORO, Ark., April 8 .- Jonesboro has been in a fever of excitement to-day over the murder of a Spaniard and the killing of a prominent man of this city, the leader of a gang of White Caps. at an early hour yesterday morning. George Black, a Spaniard, has been living on his farm a few miles from Jonesboro. About 1 o'clock, Sunday morning, a gang of White Cape, headed by W. J. Metcalf, of this place, went to Black's residence and demanded that he open the door. Black refused, whereupon the gang proceeded to batter down the door. The Spaniard's family became terror-stricken and sought refuge in a wardrobe, but the head of the family coolly armed himself with an army musket loaded with slugs and awaited the entrance of the marauders. The moment Metcalf stepped in the door he received the load of slags in the breast, just below the right nipple. The gang then dragged their wounded comrade into the yard, and when Black attempted to leave the house he was shot down and left for dead. After the White Caps left Black crawled to the public road, a few hundred yards away, where he was found in a dying condition by a party of negroes. When the news of the tragedy reached Jonesboro the sherifi organized a posse and started in pursuit of the White Caps.

Metcalf was soon found and placed in the railway hospital, where he died last night. Black lingered until yesterday afternoon. when he died. He made a sworn statement in which he testified that he recognized Metcalf, but could not identify the others. as they were all masked. Metcalf refused to make any statement further than that Black was not the man they were after. The sheriff made eight arrests last night and six to-day on suspicion of being implicated in Black's murder. Several of the parties are well-known men about town, and their arrest has created a sensation. They all protest their innocence, but the circumstantial evidence against some of them is very strong.

YOUTH AND ENERGY.

These Have Made a Young Detective Great.

A Man of Experience with Criminals of All Classes.

He Talks About a Matter of the Greatest Interest.

Phenomenal indeed is the energy which has placed young detective Philip 8. Honeyman at the head as general superintendent of the great National Detective Agency, of 371 Fulton street, Brooklyn, N. Y Although still a young man, he has now a name which many older detectives might well envy, and the scope of his business is almost world wide. But like many men of great ability and ambition, Mr. Honeyman broke down for a time under the strain of his excessive labors. He is at present, however, in sound health and full of his old energy and enthusiasm. "Yes, I was completely broken down in health,"

he said, "and suffered from extreme exhaustion and could not rest day or night. "I had an all- one feeling in my stomach and

a terrible palpitation at my heart. "I had to give up business for some time, and after consulting and treating with two very good physicians with no benefit, I at last tried Dr. Greene's Nervura blood and nerve remedy. "I have taken two bottles and the all-gone feeling has disappeared, as also has the palpita-

"I feel as strong and healhty as ever, and I must say it was Dr. Greene's Nervura blood and nerve remedy that has restored me back to health again.

"This wonderful remedy is worth its weight in gold, for I found it to do just as it was said it would do, and I will never do without it in my house." This is especially good news at this season of the year, for most everybody needs a spring medicine. So many people are run down in the spring, feel weak, tired, languid and nervous, and lack their usual strength, energy and ambition, that detective Honeyman's recommendation of Dr. Green's Nervura blood and nerve remedy to restore health and vigor comes just at the right time. It is purely vegetable and harm-

COAL MINE FLOODED.

Three Men Entombed and a Number Injured by the Water Rushing Into the Pit.

HAZELTON, Pa., April 3,-The Laurel Hill mine, operated by the Pardee Brothers, was flooded this morning. The east gangway of the fifth lift of Laurel Hill is driven on what is known as the Wharton vein. Another gangway from the same lift is driven on the big mammoth vein, situated in No. 3 colliery. The fifth lift of the latter slope has been but partly opened, with probably one hundred yards of gangway leading off from the bottom. About 9:80 this morning David Williams fired a blast. lmmediately a terrific roar was heard and an immense body of water rushed down to No. 19 breast, filling it to the roof. The rush of water into the gangway changed the current of air, and like a telegraphic signal warned all of the danger. The men fied to places of safety, and later nearly all were rescued and brought to the surface. Three are still entombed. Some of the rescued may die from injuries received in being washed against the rocks and timbers by the surging waters.
